BELL TONGUE SYRUP,

AN ACCIDENTAL DISCOVERY OF GREAT VALUE.
An Inestimable Benefit to Mankind.

UNCLE BEN JO'S

GREAT SOUTH AMERICAN PA ACEA.

UNCLE BEN JO was born in Boston in 1830. Being a botanist, he effected many wonderful cures with roots and herbs. In 1844 he went to South America to study botany, and while there accidentally made his great discovery. The natives of this country were quite familiar with it, and had always supposed it to be a poisonous herb, which they used for the sole purpose of keeping snakes away from their tents or houses. This they did by laying it in a circle about the same as a proper distance off. This herb, Uncle J., as well as the natives, considered a very obnoxious and poisonous one, and when green and fresh it threw off a very disagreeable and repulsive odor. The herb grows about two feet high, and about eight inches at the top part of its stalk is leafless, and this part, long over and hangs downward perpendicularly, and from its curved neck to its end it increases in size, and on the end of the same is a large, berry-looking ball, which stalk and ball, in this hanging position, looks precisely like the tongue of a bell. Hence Uncle Jo named it the Bell Tongue Plant. In South America this herb is only found in the extreme interior of the country, and the natives there call it "Zarr Neco." It is a wonderful cure of kidney and liver diseases, also, dyspepsia, neuralgia and rheumatism. We have a whole library full of testimonials. We have a whole library full of testimonials. TRUTH ATTESTED.

Some Important Statements of Well-Known People Wholly Verified.

In order that the public may fully realize the genuineness of the statements, as well as the power and value of the article of which they speak, we publish herewith the fac-simile signatures of parties whose sincerity is beyond question. The truth of these testimonials is also attested by the fact that they are now being used, and in recommending it to others as a safe remedy.

Moline, Ill., July 14, 1881.
H. H. Warner & Co., Rochester, N. Y.
GENTLEMEN: Your remedy, the Safe Kidney and Liver Cure, has been used by both my wife and myself. She used it "on general principles," as a system and liver regulator; I took the medicine for a long-standing liver trouble, which has been the source of much inconvenience, and which failed to yield to the doctor's remedies, or any other, until I used your Safe Kidney and Liver Cure. With both unite in pronouncing it to be the best medicine ever used, and in recommending it to others as a safe remedy.

Major of Moline,
Chicago, May 30, 1881.

H. H. Warner & Co., Rochester, N. Y.
My Dear Sirs: For several years I have been a sufferer, and until your Safe Kidney and Liver Cure was suggested I have not known what it is to be free from pain. My family physician attributed all my suffering to a diseased condition of my kidneys, and after he had failed to give me relief, I tried your remedy, and it is a well known fact.

Carl Pfeiffer
Thousands of equally strong endorsements—many of them in cases where hope was abandoned—have been voluntarily given, showing the remarkable power of Warner's Safe Kidney and Liver Cure, in all diseases of the kidneys, liver or urinary organs. If an one who reads this has any physical trouble remember the great danger of delay.

JOTTINGS.

Several new houses are going up on Plaza street.

Fresh opera caramels at Nasby's Bazaar. Thermometer at 7, 9, 11, 1 and 3 was 40, 48, 52, 58, 68.

E. C. Leadbetter is in receipt of a choice lot of Booth & Co.'s fresh Eastern oysters. They are the finest in the market.

J. K. Everett's stock of liquors at his store, corner of Second and Sierra street, is the best in the city. He sells in gallon lots at San Francisco prices.

The ladies who had charge of the sheet and pillow talk party request the person who took away a sheet and pillow-lav to return it to the Reform Club Hall.

Dave Willard, the conductor, came up from Sacramento this morning to buy a suit of clothes. He knows that Abraham Bros. keep a larger and better stock than any house in Sacramento and could save money by trading with them.

All day yesterday the bankrupt sale now going on at the Mechanics' Store was largely attended. The goods are being disposed of at astonishingly low prices, and the ladies seem to be taking advantage of the opportunity. Call in.

Personals.

H. H. Beck is in the southern part of the State.

Wallace Coffin and wife are visiting friends here.

G. W. Maps is registered at the Ross House, San Francisco.

Geo. A. Rankin and M. C. Lake leave for New Mexico Friday night.

Mark Barnett is at work in the Red House, Sacramento. His wife went over the mountains Monday night.

Phil Boody, the Honey Lake farmer who was pronounced insane a few weeks ago, has entirely recovered and has returned to Reno.

Gov. J. H. Kindred failed to put in an appearance last night as was expected. A private dispatch received from him yesterday says he will be here Friday night, sure. He passed Omaha yesterday.

From Hoop County.

A correspondent writing from Salt Marsh says of the prospect of Hoop county:

The past winter, taken altogether, has been a very favorable one to stock men. Cattle and sheep, up to the present writing, have done remarkably well. Good beef and mutton is abundant on the ranges, and Mr. Crutcher is now on the way to Reno with 150 head of beef cattle which were gathered from the range a few days since.

The Cottonwood mining district shows some very flattering prospects, and holders of feet are very jubilant. Assays running into the hundreds are of very common occurrence, and hardly any sample of the ore will assay under \$20 per ton. We do not predict it to be a second Comstock, but we certainly have faith in Cottonwood, and think it is the only hope for the restoration of the "palmy days of Washoe."

Fire Matters.

The Hand Engine Company, No. 2, held another meeting last evening and instructed the Company Trustees to see about getting a new house. J. S. Shoemaker reported that J. L. McParlin owned a building standing on the alley back of the Gazette office, which he would sell and move to at the company might want to put it on for \$200. R. L. Fulton resigned as one of the Trustees, and J. H. Frazer was elected to fill the vacancy. The company will meet again next Monday night.

Tampkin's sentence.

In the Superior Court at Nevada City, yesterday morning, Judge Caldwell overruled the motion for a new trial in the case of Isaac Tampkin, convicted of manslaughter, and sentenced the defendant to ten years in the State Prison at Folsom.

ANTI-CHINESE MEETING.

The San Francisco Committee of Arrangements for the Anti-Chinese mass meeting to be held next Saturday, met yesterday afternoon at the Chambers of the Board of Trade. Jacob S. Taber, in calling the meeting to order, expressed the hope that the people of San Francisco would make a salutary impression upon Congress next Saturday by sacrificing half a day's business for the purpose of showing their antagonism to Chinese immigration. The following addresses were read, the first to be distributed in the city, and the second to be sent to the interior of the State:

ADDRESS TO THE CITY.

To the Board of Trade, Chamber of Commerce, Produce Exchange, Stock Exchange, Boards, Mechanics' Institute, Trades Unions, Manufacturers, Business men and Citizens of San Francisco—GENTLEMEN: In order to promote the passage of the bill now before Congress to restrict Chinese immigration, it has been determined to hold a monster mass meeting of the citizens of San Francisco, at Platt's Hall, at 2 o'clock P. M. on Saturday next. You and the members of your honorable body are respectfully invited to be present at the meeting, which is intended as a means of giving expression to the unanimous feeling of our people on the subject of the Chinese evil. And in order that our fellow citizens at the East and the members of the National Congress may have a realizing sense of the deep earnestness of our purpose, and how thoroughly it is shared by all the members of the community, you are respectfully requested to close your places of business while the meeting is being held, that it may be said that the people of San Francisco suspended all other business to express their views on the vital question.

ADDRESS TO THE STATE.

To the Chairmen of the Democratic and Republican County Committees throughout the State of California—GENTLEMEN: In view of the importance of the adoption of the bill now before Congress, restricting Chinese immigration, it has been determined to hold a monster mass meeting of the citizens of San Francisco at 2 P. M. on Saturday next, when the merchants and business men of the city will be requested to close their places of business and attend. The meeting will be entirely non-partisan, and is intended only to give mighty expression to the unanimous desire of our people that the evil of Chinese immigration shall cease. The arrangements for holding the meeting have been begun, and are being carried on under the auspices of the local representatives of the two local parties. We would therefore earnestly request you and your respective committees to hold jointly a similar meeting in your county, at the same time; and that, while it is in progress, you send telegrams to that effect here, and to Senators Farley and Miller in Washington, so that the voice of the whole State may go forth at once in tones to be heard in the National halls of Legislation, and in a manner to carry conviction to the minds of all, that in our petition for this measure of relief we are a unit.

Messrs. Shaeffer and Corbell were appointed a committee to wait upon the merchants of the city who employ Chinamen and induce them to sign a petition, requesting Congress to pass the bill now before it.

Let the Nevada Republican State Central Committee extend an invitation to the County Committees requesting them to call meetings in their several towns for the purpose of passing suitable resolutions showing our representatives that the people of this State are willing to assist them in their endeavors to give us relief from the Chinese curse.

Roll of Honor.

The following is the roll of honor in the North Truckee school for the month ending February 27: Rilla Shaber 96, Lizzie Shaber 93, Josie Gulling 93, Bessie Gault 93, Lottie Shaber 96, Minnie Smith 93, Emma Rose 90, Johnnie Gulling 97, Robert Laking 95, Charlie Bryant 94, Frank Smith 96, Jimmie Gault 91, Willie Shaber 93, Daniel Maloy 93, Joe Laking 94, Charlie Ross 91.
MINNIE B. GIBBS.

The United States Marshalship.

A man by the name of Buck, now living in Gold Hill or Virginia is said to be the man selected by Senator Jones as United States Marshal, to succeed the late Augustus Ash. No one seems to know anything about Buck, but it seems Senator Jones had taken time by the forelock and selected him some time ago. His appointment may be expected daily.

Asylum Matters.

The Commissioners postponed their visit here until tomorrow. Mr. Deal could not come down, being detained by private matters. The Board will be here tomorrow. The contractors have everything in shape, and the Commissioners will no doubt accept the building.

A New Trick.

The newest trick of the three card monte men in Chicago is to use three cards of business firms instead of playing cards and pretend to be merely trying their skill as amateurs. Victims are thus made of men who could not be deceived by the old method.

BOLD ROBBERY.

Conductor Dave Willard Knocked off His Train and Robbed.

Conductor Dave Willard, came through to Reno on passenger train No. 1 this morning. Willard is a conductor on the Sacramento division, and says his train left Blue Canyon at 2 o'clock this morning, and had arrived at a point about three miles this side (east) of that station, running about eight miles an hour, and that he was going through the train, and stepped from a car to the platform, he felt a light, soft tap on the side of his head, and off he went into the snow, when three men presented pistols and said, "Dave, how much money have you got? We don't want to hurt you, but want your coin." Willard replied by saying: "It's none of your business how much I've got." The bold robbers told him it was no use for him to talk in that way, for they wanted his money and was going to have it, reminding him at the same time that the C. P. pay car had just left Sacramento. Dave said: "Well, boys, I've just got \$23, and I will give it to you, but if I had a pistol I would fight the whole lot of you. Yes, and—n you; I will fight you one at a time without any pistol." The robbers quietly informed him to go on about his business and all would be well. Dave returned to Blue Canyon and reported the circumstance, while the train dispatcher held No. 1 at Cisco. Willard was sent to Cisco on an engine, where he overtook his train and came on through. He thinks he was hit with a sand bag. As he fell his knee struck a timber in the snow shed, and he is quite lame. Willard says if he would have rolled back under the train. He has no idea who the parties are, but thinks he could recognize them by their voices. The robbery delayed the train about an hour.

He Kissed Her.

A month ago at Tehama, Cal., a bright girl challenged a young married man to kiss her. The challenge was promptly accepted, and after a short chase he caught her and kissed her. The irate mother of Florence Cripe, the young girl, brought suit against the young man before a Justice of Tehama, and recovered \$7.50 damages for this indignity. Last week Mrs. Cripe returned home, after having headed sheep the greater part of the day, her daughter was nowhere to be found. The following note was on the table: "When you read this I will be gone; I hope you will treat the other girls better." The neighbors were at once called and a diligent search for the missing girl was begun. All indications pointed to suicide. The girl had grown rebellious under the work which her mother compelled her to do, work about a sheep camp, fit only for a man. Her footsteps were traced across a newly plowed field, bent towards a creek near by, but they were lost again on the open grass plot. The bank of the creek was diligently searched by lantern light all night, but no marks could be found to answer the anxious fears of the family. The next morning a Spanish woman, living near by, reported that she saw Florence get into a wagon the evening previous and drive off with a young man. Wagon tracks were found on the open grass plot. The solution of the mystery was found in the belief that the young girl had eloped.

Military Company.

Captain Moger, E. A. Allen and Mr. Waggoner are circulating a petition for the signatures of all who wish to join a military company here. The State under the law will furnish an armory, and the plan is to get up a company of sixty men. Captain Moger is one of the best drill masters on the coast, and thinks there is material here for one of the best companies now in existence. The GAZETTE hopes the gentlemen will succeed in getting up a good company.

Come to Stay.

U. S. Surveyor-General E. A. Davis came down from Virginia last evening. His office furniture and records came in on the noon train. General Davis and his assistants have been arranging the new office in the Odd Fellows building to-day.
